Water Sensor Binder

Thank you for doing business with Chubb Insurance. We are always looking for ways to bring value to our insureds and as such, we are excited to offer you our Internet of Things (IoT) water sensor risk mitigation solution as we know that water leaks can not only cause expensive property damage, but also interrupt your company's ability to continue normal operations.

To help prevent water damage before it occurs, Internet of Things (IoT)-powered sensors from StreamLabs, Inc., a Chubb company, provide real-time alerts to leaks and changes in temperature or water pressure that can cause damage to critical infrastructure and valuable assets.

The features and benefits of the water leak detection system include:

The features and benefits of StreamLabs water leak detection solutions include:

- Around the clock remote monitoring for the presence of water leaks, overflows, pipe bursts, etc.
- Account management via online portal at no additional cost.
- Cellular connection - no need to connect to your internet system.
- Automatic alerts via email and SMS text 24/7 to an unlimited number of users.
- Ongoing technical support available via phone or email.
- Easy to install sensor solution with no need for an electrician, plumber, or contractor.
- Extended warranty for the lifetime of a licensed contract.

What our customers are saying…

"The sensors have been working great. They have saved us a few times already!"
College Facility Manager

This binder includes a total of **five (5) cellular gateways and 32 sensors** at the annual cost outlined in the chart below. Please note that the device count is an estimate, and the final decision count is at your discretion. We are willing to collaborate with you to determine the appropriate sensor count for your specific requirements.

In addition to the annual solution fees, please note that there is an additional one-time charge for professional installation services, if required, as well as shipping charges. You have the option to independently install the equipment to save on the professional installation cost.

The annual recurring solution cost covers not only the equipment itself but also includes technical support, customer service, access to the online dashboard, 24/7 alert notification via text and email, and warranty coverage for all the equipment.

IMPORTANT ACTION REQUIRED
THIS APPLIES TO NEW YORK CITY LOCATIONS ONLY
FAILURE TO ACT CAN RESULT IN NYC DOB FINES OF $1,000 OR MORE PER OBJECT WHICH WILL BE YOUR RESPONSIBILITY

The NYC Department of Buildings now has an online technology where boiler inspections and violations will be entered and records stored. DOB NOW Safety will be the new platform for boiler inspections, as well as other DOB safety related inspections of elevators, facades, electrical and various other inspections. The transition to this system has modified the steps related to filing jurisdictional inspections including new requirements of owner email registration.

These steps include:

- Owner registration in the DOB NOW Safety System is required prior to filings being accepted.
- Licensed Professional/Inspector must input the owner registration information prior to filing.

To ensure conformance with the above requirements we are asking all owners of NYC property to register and to ensure that registration information is available to those local management personnel responsible in each building as well as your insurance agent/carrier.

Please provide the registration information for your NYC locations on the attached form. **Failure to complete registration and provide Chubb with this information will result in our inability to file inspections and can lead to missed inspection fines of $1,000 or more per object.**

The registration process is quick, taking approximately a total of 5-10 minutes. Supplemental information on the registration process has been included on the attached pages.

Please disregard this letter if you have already completed the registration process with the City of New York for all covered locations and advised Chubb of all building registrant information.

Should you have any questions, please contact your Chubb representative or email us at nycboilers@chubb.com.

CHUBB

NEW YORK DIVISION OF MOTOR VEHICLE POLICY HOLDER NOTICE

Dear Policyholder,

Chubb is dedicated to providing the highest level of support and service to our insured's, as well as the obligations we have to report accurate and timely data to any governmental or regulatory agencies to which we are statutorily required to do so.
In order for Chubb to attain this high level of support and service for our insureds and to prevent impact to the New York registered automobiles insured on a Chubb commercial automobile policy, you need to report the following information to your agent/broker immediately regardless of coverage symbol or rating plan utilized on your policy (i.e. Composite Rate Plan). ***Failure to report newly acquired autos timely and accurately to the insurance carrier may result in the registrant of the auto being subject to civil fines, registration and license suspensions and/or impoundment of their vehicle.***

Since Chubb is required by New York law to report this information to the New York DMV within seven (7) days of the vehicle's registration, your prompt reporting is essential.

You must report the following to your agent/broker immediately:

- Vehicle's exact vehicle identification number (VIN), year, make and model
- Vehicle's exact registration date at the New York DMV for newly added autos
- Vehicle's New York license plate number, if at all possible
- Vehicle's registration state, **if** different then garaging state (i.e. vehicle is registered in New York, but garaged in New Jersey)
- **Plate transfers from one vehicle to another must be specifically called out as this requires a very specific transaction be submitted by the Carrier (Vehicle Replacement) to the NY DMV.**
- Dealer and Transporter Plates must also be reported with the NY DMV assigned License Plate Number in order to allow insurance verification to be submitted to the NY DMV.
- The exact name the vehicle is registered in.

If you have any questions, please contact your agent/broker to discuss.

Regards,

Chubb

POLICYHOLDER DISCLOSURE
NOTICE OF TERRORISM
INSURANCE COVERAGE

BINDER

Coverage for acts of terrorism is included in your policy. You are hereby notified that the Terrorism Risk Insurance Act, as amended in 2019, defines an act of terrorism in Section 102(1) of the Act: The term "act of terrorism" means any act or acts that are certified by the Secretary of the Treasury - in consultation with the Secretary of Homeland Security, and the Attorney General of the United States - to be an act of terrorism; to be a violent act or an act that is dangerous to human life, property, or infrastructure; to have resulted in damage within the United States, or outside the United States in the case of certain air carriers or vessels or the premises of a United States mission; and to have been committed by an individual or individuals as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the United States Government by coercion. Under your coverage, any losses resulting from certified acts of terrorism may be partially reimbursed by the United States Government under a formula established by the Terrorism Risk Insurance Act, as amended. However, your policy may contain other exclusions which might affect your coverage, such as an exclusion for nuclear events. Under the formula, the United States Government generally reimburses 80% beginning on January 1, 2020, of covered terrorism losses exceeding the statutorily established deductible paid by the insurance company providing the coverage. The Terrorism Risk Insurance Act, as amended, contains a $100 billion cap that limits U.S. Government reimbursement as well as insurers' liability for losses resulting from certified acts of terrorism when the amount of such losses exceeds $100 billion in any one calendar year. If the aggregate insured losses for all insurers exceed $100 billion, your coverage may be reduced.

The portion of your annual premium that is attributable to coverage for acts of terrorism is $94, and does not include any charges for the portion of losses covered by the United States government under the Act.
