The policy's other provisions will still apply to such an act. Your decision is needed on this question: do you choose to pay the premium for terrorism coverage stated in this offer of coverage, or do you reject the offer of coverage and decline to pay the premium? **You may accept or reject this offer.** See the section of this Notice titled **DISCLOSURE OF PREMIUM**. If you choose to accept this offer of coverage your total policy premium will include the additional premium for terrorism as stated in such **DISCLOSURE**.

Terrorism coverage provided by this policy for losses resulting from certified "acts of terrorism" may be partially reimbursed by the U. S. Government under a formula established by federal law. However, your policy may contain other exclusions which might affect your coverage (for example, nuclear or war exclusions). Under the formula, the U. S. Government's share is a percentage of the insured losses that exceed the applicable insurer retention.

DISCLOSURE OF PREMIUM

The premium charge for "certified acts of terrorism" is shown on your policy declarations page(s) (or on the quote proposal) as a separate line item. Under federal law, you have **thirty (30) days** to consider this offer of coverage for terrorist acts and submit the premium required.

POLICYHOLDER DISCLOSURE NOTICE
MANDATORY AVAILABILITY OF TERRORISM INSURANCE COVERAGE

The term “act of terrorism” means any act or acts that are certified by the Secretary of the Treasury – in consultation with the Secretary of Homeland Security, and the Attorney General of the United States – to be an” act of terrorism;” to be a violent act or an act that is dangerous to human life, property, or infrastructure; to have resulted in damage within the United States, or outside the United States in the case of certain air carriers or vessels or the premises of a United States mission; and to have been committed by an individual or individuals as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the United States Government by coercion.

The Terrorism Risk Insurance Act of 2002 established a program within the Department of the Treasury, under which the federal government shares with the insurance industry the risk of loss from future terrorist attacks. The Terrorism Risk Insurance Program Reauthorization Act of 2019 (the “Reauthorization Act”) established:

- An “act of terrorism” must cause losses of at least $200 million.
- It must be a certified “act of terrorism” as recognized by the U. S. Treasury Department.
- A cap limits the U. S. Government reimbursement as well as insurers’ liability for losses resulting from a certified “act of terrorism” when the amount of such losses in a calendar year (January 1 through December 31) exceeds $100 billion. If the aggregate insured losses for all insurers exceeds $100 billion, your coverage may be reduced.
- The United States Government, Department of the Treasury, will pay a share of terrorism losses insured under the federal program. The federal share equals the percentage of that portion of the amount of such insured losses that exceeds the applicable insurer retention for the calendar years shown as follows:
    - 2020 -2027 – The federal share of terrorism losses is 80%.

UNITED FIRE GROUP

Texas Health Care Network Program

A certified workers compensation healthcare network is authorized in Chapter 1305 of the Texas Insurance Code and in Title 28, Chapter 10 of the Texas Administrative Code. You may agree to use a managed care organization approved by the Texas Department of Insurance and, in return, receive a premium credit. As a policyholder of United Fire Group, and in exchange for directing your injured employees for treatment by the approved managed care organization, you will be eligible to receive a 15.00% reduction in your total standard premium. This reduction will be applicable as long as you comply with the procedures and continue to use the services of United Fire Group's designated managed care organization.

Choosing managed care is an exercise of your right of choice of medical provider under the Texas Workers Compensation law. This agreement does not change any coverages, terms, conditions or requirements in your Workers Compensation policy. Failure to comply with the procedures and conditions of this program may jeopardize the continued application of any previously granted premium reductions and may increase your premium.

You may also choose not to participate in the managed care program; however, you will not receive the premium credit described above.

Please return this completed, signed and dated form to your independent agent. Thank you for letting United Fire Group serve your insurance needs.
